BHMS Internships

Internship is an integral part of the study program at BHMS. During each academic year, students are normally required to successfully complete a 4-6 months internship period in a hospitality business approved by BHMS. Internship placement managers assist students with placements in hotels and restaurants both in Switzerland and overseas. During the internship, students will be under L-GAV contractual obligation with their employers, which will entitle them to receive a trainee's gross monthly salary of **CHF2,179** if undertaken in

Switzerland. While no tuition fees are due to BHMS during this period, employers make deductions for room, board and taxes equivalent to ca. CHF700-900 on a monthly basis. To qualify for internship, students are expected to meet specific academic, professional, and language skills standards set forth by BHMS. During internship, students' performance, behaviour and professional attitude will be assessed by employers and students are required to submit a report about the nature and management of the property in which they had their internship.
